

The Health Services and Resources Administration (HRSA) Community Health Quality Recognition (CHQR) badges recognize Health Centers that have made notable achievements in the areas of access, quality, health equity, health information technology, social risk factors screening, and COVID-19 public health emergency response.

Health Center Quality Leader

The Health Center Quality Leader (HCQL) badges are awarded to awardees and look-alikes that achieve the best overall clinical quality measure (CQM) performance among all health centers

Advancing Health Information Technology (HIT) for Quality

Recognizes health centers that meet all criteria to optimize HIT services: Adopted an electronic health record (EHR) system; Offers telehealth services; Exchanges clinical information electronically with key providers health care settings; Engages patients through health IT; Collects data on patient social risk factors

The Health Disparities

Reducer badge recognizes health centers that qualify for the **Access Enhancer** badge and demonstrate at least a 10% improvement in a variety of medical areas, and meet the benchmarks for all racial/ethnic groups served.

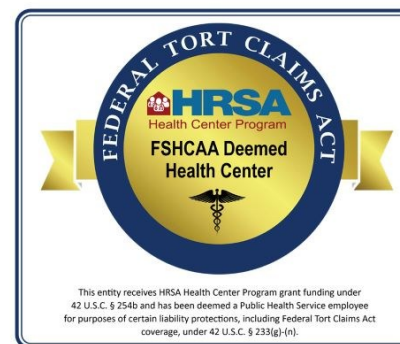

The **Access Enhancer** badge recognizes health centers that have increased the total number of patients and the number of patients who receive at least one comprehensive service (mental health, substance abuse, vision, dental, and/or enabling) by at least 5%.

Patient Centered Medical Home (PCMH)

PCMH recognition is a standard of care for HRSA funded health centers that increases health outcomes, improves health equity, and lowers costs for patients and health centers.

FTCA Deemed

This health center receives HHS funding and has Federal Public Health Service (PHS) deemed status with respect to certain health or health-related claims, including medical malpractice claims, for itself and its covered individuals.
